LOVING NAILS-NAIL SOAK OFF

easy to apply, durable and fantastically polished

PRIMER
semi-permanent-15 ml
code LOV0281

START & FINISH
semi-permanent-15 ml
code LOV282

application:

1. thoroughly wash and dry your hands and nails.
2. Move the blocking plug tap LOV0146 on the nail surface for opacizzarla.
3. Apply PRIMER and wait for 20 seconds.
4. apply a thin layer of STAREFINISH taking care not to touch the cuticles. Let it dry 2 minutes with lamp U.V. degrease with LOVING CLEANER.
5. Apply the SEMIPERMANENT color you want as if it were a regular Nail Polish and make sciugare 2 minutes with UV lamp.
6. For a more intense color apply a second layer of semipermanent and dry 2 minutes with UV lamp.
7. Apply a layer of STARTEFINISH and dry 2 minutes with UV lamp.
8. degrease the nail with LOVING NAIL LOV0134 DEGREASER.

TO REMOVE THE SOAK OFF:

1. White LOV0144 with a file (100/100) gently remove only the layer glossy surface of the nail.
2. Protect the cuticles and skin of the fingers with LOVING LOV0353 CUTICLE OIL.
3. dip your fingertips in LOVING SOLVENT ACRYLIC with LANOLIN LOV0283 for a few minutes.
4. gently File away the gel layer from the surface of the nail with white LOV0144 file (100/100).
