DE- KERATIN COLOR

bleaching powder blue compact with Keratin and Argan Oil

compact bleaching powder blue with Keratin and Argan Oil is recommended for intensive streaks and discoloration, suitable for all techniques of bleaching. Its special formulation allows to reduce the phenomena of reaction and sensitivity caused by the volatility of the product. Ensures an effective conditioning effect, leaving the hair soft, hydrated and luminous. Specifies the non-volatile composition. It offers a job faster, convenient and secure. Does not swell the hair. Lets get lightening up to 7 tones. May be mixed with hydrogen peroxide at 10 vol. (3 %), 20 vol. (6 %), 30 vol. (9 %), 40 vol. (12 %). Ensures an effective conditioning effect, leaving the hair soft, hydrated and luminous. It offers a job faster, convenient and secure. Does not swell the hair.

method of use : Mix 1 scoop of powder (30 gr.) + 60 ml of hydrogen peroxide (diluted 1 to 2) and leave on the hair until you reach the desired level of bleaching. Do not use under a heat source.

box: bag of 500 gr.
