FIRST CAVIAR PRIMA CAVIAR

Whitener cream with caviar

The line of SOA caviar enriched products of essential amino acids, proteins and fatty acids all essential trace elements and iodine to counteract the mechanical and chemical stresses. It promotes the restructuring and revitalization of the hair structure and helps to restore the lost nutrients. The bleaching cream with caviar blue is a whitener cream in the latest generation of fast, powerful and environmentally friendly alternative to the decolorizing powder. It protects the hair during the bleaching, discoloration at the highest levels and saves the health of the operators. The color blue neutralizes orange yellow reflections.
