ART EVOLUTION ART EVOLUTION

From research

Revivre born ART EVOLUTION, a line of products designed to create any type of hairstyle. Eight products feature dermatologist-tested formulas that respect the skin and hair, keeping them in a state of optimal health.

Indeed, the EVOLUTION ART are a number of active ingredients, such as proteins of wheat germ rich in Vitamin E, which act as a common thread for the entire line. It also contains B vitamins, minerals and essential amino acids : a mix ? winning of active ingredients for healthy hair.

ART EVOLUTION moisturizes and nourishes hair, protecting them from UV rays, leaving no residue and giving softness and shine.

Result: hair extraordinarily shiny and healthy.
