K05 - ANTI-DANDRUFF TREATMENT

K05 - trattamento antiforfora

K05 is designed for those who want to effectively combat the flaking typical of dandruff due to imbalances of the scalp, stress, bad habits or cosmetic : dye frequent or aggressive washes. For best results we recommend a synergistic use of the three products every three months.

The line consists of:

- **anti-dandruff Shampoo**
- **DANDRUFF LOTION**
- **DROPS PRE- TREATMENT AGENTS**

method of use : for shock action : anti-dandruff lotion : two applications per week for 6/12 weeks; anti-dandruff shampoo : two washes per week for 6/12 weeks. For an enhanced intervention : pre- treating drops : two applications a week before the shock treatment.
