SILK'N CLEAR SILK'N CLEAR

Silk'n Clear is the first tool for the treatment of acne in the home, which combines the three elements required for a phototherapeutic treatment for acne : the destruction of the bacteria, the reduction of the pimples and the recovery of the skin. Silk'n Clear enacts the Home Skinovaons (Innovations to the skin for the home) Home Fraconal proven technology that combines the power of optical frequency blue radiation and heat to maximize the long-term clinical effects. Ergonomic design : a Betterie, safe and easy to use comparable efficacy to treatments carried out by doctors.
