NACRÈO MAN - COLOUR CREAM

without ammonia, p-phenylenediamine, resorcinol, SLS / SLES with natural extracts

tincture oxidation in formulation with natural extracts, without ammonia, without p-phenylenediamine and without resorcinol, allows to modulate the intensity and duration of treatment as a function of exposure time : 5 / 7 minutes, you can create read masking, in 10/15 minutes masking intensive or longer, and in 20 minutes you get full coverage. The reflexion always remains constant and balanced in all cases, and do not have never tonings side towards the red. After coloring the hair remains shiny and healthy.

Shades available in 4 colors: BROWN, DARK BROWN, LIGHT BROWN, DARK BLONDE

method of use : 1:1 dilution

box: 60 ml tube
