Roberto with respect and sympathy! Enrico Papi

Big thanks to our friend Roberto! Massimiliano Rosolino, Luca Marin, Emiliano Brembilla

Roberto fondly from Russia. Natalia Titova

The hyena quintessential surprises everyone with her ??elegance 80s. Eye makeup is a black and white contrast already seen, but on the whole the presenter comes out the winner, very feminine. The final touch are the Swarovski between the jet-black hair. Rated 8. Roberto Thanks you were great. (source: Vanity Fair) Elena Di Ciocco

Roberto, whose gentleness and kindness are almost equal to his skill ... With love Mara Carfagna

Well what to say ... we live in a world where perfection is all, unfortunately ... to give the best and to feel sure of yourself it takes a magic touch ... I want someone who will pamper and take care your image is ... since I was 14 I meet people who are trying to turn me: make me weird hairstyles, to make me look like what they are not. Hair colors never before seen tricks that make me 10 years ...

the biggest secret to being the most beautiful is just to be themselves, to enhance their beauty does not seem to someone else, keeping their "origins". well, .., Roberto has done it ... it's one of the few wizards who can make you beautiful, fashionable but at the same time simple and sexy! Pamela Camassa

Make a judgment in a few words about Roberto is not easy, especially because, besides taking care of my hair, it has become a true friend. Once I spoke good because it knows how to interpret exactly what I want for my image, because it has never missed a cut or a color, because it uses only top quality products. Why is it always available; Today, in addition to all the enormous quality professional certificate also by his personal success, I must add that it is an extraordinary person with a big heart, and this is no small thing. For the day of my wedding I turned to him and for this special day, we opted for a hairstyle very sophisticated with her hair completely collected. "Pull the front, and with a bun very swollen on the back of the head. Was to dominate the hairstyle: no veil, no flowers ...". Roberta Capua

You are the No. 1. Due to the brightness, the brightness that your colors add to my hair and my smile. With the deep affection of a dear friend. Antonella Clerici

Really complicated operation to deal with the head. The more they do it with their hands, few are able to use the heart and the brain. Sure, it's only hair we're talking about, a frame-say-but if you mess up, spoil the whole: a beautiful picture can lose value. Roberto put your head safe. Its secret is the unique craftsmanship, what makes the difference is his feeling. With modesty, simplicity and a very strong human charge, never coy or complacent, Roberto tries to figure out who has to face in order to study the image more suited to that character or that condition, who are tired of the usual menage, those who want a hairstyle is important because is about to experience a special moment. Comply with the fear of change, ready to suggest, it takes desire, transgression. It is not the coiffeur of provocation, but does not get tired of trying new ideas. Hard to find a professional who puts the update in the first place. Roberto participates in international seminars, competitions, product launches. It is informed on new trends, it continually tests. In his studio, which opened with courage alone, a little more than twenty years. Everything is always taken care of, from the penalty spot cleaning, fresh flowers, scented shampoo and natural creams. Defects? Two great: too available, too modesto. Bisogna love him to be able to forgive ... Carmen Lasorella

A friend like Roberto is impossible to find ... with a lot of sympathy, but especially so, so much affection. Daniela Fini

Who is Roberto Carminati? The first answer that miviene in mind: a friend. Then I say, "and no. Roberto is my hairstylist of confidence." So you do not become friends because Roberto is fashion or is "in", Roberto friend it gets really, I now know him for a lifetime, and I could not change. The thing I like best about Roberto is the choice of hair color. In this I have always called a magician: he like me does not like strong colors, they know they fake, but the natural colors, with particular highlights, simple but absolutely never dull. To cut instead the problem is that I would never want to change, and then he is forced to modificarmelo a little at a time ... almost make me notice it. That is why our partnership lasts a long time and, I hope, will last for a lifetime. Manuela Lucchini

To my dear friend Roberto, a great hairdresser and also a nice person. with affection. Alessandra Martines

Dedicated to Roberto as well as the artist's hand is precise, safe, stroking the strings and charm in

the air goes up the melody, so careful in your hands, with your creativity, your vibrant irony, with your heart, my image of the diva shot yesterday, the diva of today, with the color so bright you make me attractive and that the cut is scaled or shorter does not count, the miracle is done! The real magic is found to have you, my dear Robert! with affection. Donatella Pandimiglio

To Robert, with love. Victoria Silvestedt

From an early age, on the knees of her mother, stroking her hair pondering how to change the look. Why is this story of the "mothers whitening" just did not go down. The girls at school the first "test" and then off to ambitious horizons. Initially forced to make difficult cohabitation with the "gurus" hairstyle has been able to understand the secrets without acquiring the flaws and so now Roberto Carminati is for many of us the mirror more sincere. The one who can advise not force his hand, which suits your hair to your head and forces you if you do not feel, to psychoanalytic sessions to accept your new image. So read your mind knows, guess what you want. because it is not only a hair salon, a hairdresser, an expert look. It is above all a friend, who takes you there. Ivana Vaccari

Roberto is first and foremost a friend and a person of great sympathy. Professional about it, I would not be very reliable, I leave that to compliment him hairstyles are more credible than mine.

Massimiliano Rosolino

Roberto invented for me "rossoCarminati." For me and for all its Rosse. Roberto generous, always there when you need him, Roberto "Debut" 'cause he gets excited when he knows he should do about your hair a special job, with that emotion that only boys know how to try; he, a professional for many years. Roberto and me "azzurrocielo", color is not replicable on the hair. Not blue, and that 'fashion. He 's one more thing. No clouds, no thoughts, lightly; with joy. Kiss Rob, thank you. Paola Saluzzi

Since Roberto came into my head ... my hair is less rebels. Sara Varone
