DIKSON COLOR ANNIVERSARY

2 in 1: oxidation and color conditioner in one product

DIKSON COLOR ANNIVERSARY is the first 2 in 1 oxidation coloration, the result of a unique Alchemy conditioning ingredients, active and dyes
CONDITIONING ACTION thanks to HYDRA FEEL 3 new substances, the results can be demonstrated scientifically, revolutionize the concept of coloring allowing you to condition hair while colouring. Just a light shampoo after rinsing the hair colouring cream are amazingly soft to the touch, untangled and sliding to comb without the addition of specific products post coloring. Hydrafeel 3 is a plant based active, biodegradable, which ensures optimum protection and hydration, improving the appearance of hair, which appear healthier and full of body.

Antioxidant and anti-aging benefits and greater beauty of the hair are also obtained with Argan oil, rich in vitamin E (natural antioxidant), which defends hair from free radicals. And summary of Goji berries, recognized among the most antioxidant rich fruits and therefore very effective in counteracting the aging of tissues and hair.

COLOURING ACTION

DIKSON COLOR ANNIVERSARY is the result of cutting-edge formulations, innovative combinations and blends of colour pigments. The hair color is decided, lively, naturally beautiful, in line with the latest trends in hair fashion.
