### MAJIREL MIX

new creative tools for colorists

MAJIREL MIX adds creativity to the world of color with 6 color concentrates to be mixed with pure Majirel and Majirouge to enhance or correct reflections. The range consists of 3 correctors (green, blue, purple) and 3 enhancers (yellow, red, copper) that allow you to create endless combinations of color and reflections to measure.

**shades** : 6 shades : GREEN, BLUE, PURPLE, YELLOW, RED, COPPER.

**method of use** : Mix ½ of the tube (12.5 ml) of MAJIREL MIX, mixed with 37.5 ml of Majirouge or Majirel + 75 ml of n oxydant ½ to 20/30 vol. The exposure time is 35 minutes.

**package** : 50 ml tube.
