THE COLOR MEDAVITA IL COLORE MEDAVITA

color cream for self-protective oxidation
Color cream enriched with extract of *Limnantes alba*, a plant of the rose family, which protects the rod during staining and enhances the final result, optimizing the brightness of the color. The formulation devoid of direct dyes guarantees excellent sealing of reflexes, that will not fade even on the tips. The COLOR MedaVita perfectly covers any percentage of white hair, not only with the natural series and ash, but with all the nuances rifllessate (including gold). The brilliance of the color is intense, even in the case of very sensitized hair.

The perfect fidelity of tone and exact color matching with the color of the folder locks ensure the repeatability of the results.

The COLOR MedaVita has a delicate fragrance and pleasant, does not cause burning to the skin and rinses easily.

Shades available in 82 shades divided into series CHESTNUT, CHOCOLATE, COPPER, MAHOGANY AND RED, NATURAL, NATURAL ASH, iRise, ASH, and GOLDEN BLONDE BLONDE FASHION. The OFFSET allow you to get bright colors or intensify the reflection liked.
