CERAMIK PHON CERAMIK PHON

professional ceramic hair dryer

Ceramik System is a special inner lining (fill in ceramics) patented by TEK that promotes proper heat radiation, greatly reduces the bipolar electrostatic charge that causes the unsightly effect electric on the hair.

Thanks to the properties of refraction of the ceramic heat, you can shorten the drying time allowing significant energy savings.

16 rotor blades, engine super professional Long Life guaranteed 1,000 hours. Nozzle and diffuser with special attachment security.

Available in versions:

- Ceramik PowerPlus K3 1800 Watt
- Ceramik PowerPlus K4 2000 watts - blow cold air
- Ceramik PowerPlus K5 1800 Watt - blow cold air
- Ceramik PowerPlus K6 Compact 1850 Watt
- Ceramik PowerPlus K6 Compact 1650 Watt
