CARTACOR Italia

Color charts and streaked hair dye for hair coloring

ACCESSORI

Company

Cartacor Italy is specialized in design and production of color charts for the trichological and cosmetics market. Italy also supported by the collaboration with Cartacor Mexico. Cartacor Italia follows the entire production process, from the production of synthetic hair strands to the creation of the countertypes, from the development of graphic design and printing to the delivery of the finished product. The experience and professionalism of our team, combined with the efficiency of our production facilities guarantee a high quality customer-tailored product. We put ourselves at the disposal of interpreting customer needs to produce original, innovative products and quality.
