HAIR CARE

Restructuring: BIO ZID HAIR BALSAM. Selective conditioning detangling of Capello. Emulsion
reactivating after shampoo that restores the hair's natural shine and brightness. You can also apply
without distinction in the following cases: On bleached hair, restoring their full-bodied. On electrified
hair, returning them to their normal static equilibrium. On dystrophic hair, ridonandone body and life.
With tips on hair breakage and brittle, reincorporandoli definitively to their physiological normality.
Detangles the hair, making it easy to comb. HOW TO USE: After washing your hair with a good
shampoo, apply the emulsion on the well-rinsed hair, massaging them thoroughly with uniformity for a
while. Leave on for a few minutes, then proceed with a thorough rinsing. Content 250 ml. / 1000 ml.

Restructuring: BIO ZID HAIR CREAM. BIO ZID HairCream and a universal treatment with effect from

the multiple-purpose uses. Distributed with uniformity, gives shine and softness restoring the natural elasticity to the hair exploited and debilitated. It protects the skin and hair length from technical applications (permanent dyes, bleaching, etc.). Tones and neutralizes static electricity without weighing it down. HOW TO USE: Apply a small amount of BioZidHairCream damp hair, straighten it and bring it to the ends. Leave on for 1-2 minutes and then proceed with a thorough rinsing. Increase the time to rinse your hair with sebum. Content of 500 g. - 1,000 g

Restructuring: KERA THERAPY specific shampoo. Shampoo specifically designed to carry out an intense moisturizing hair follicle and the hair shaft. A high concentration of keratin and an active complex of ceramides play both incisive restructuring and nourishing action. The same active ingredients in combination with protein and essential amino acids help to protect the hair preventing damage caused by external agents, both chemical weathering. Your continued use of this specific detergent capillary favors a natural strengthening of the hair giving it elasticity and look naturally healthy and shiny. Content 250 ml.

Restructuring: KERA THERAPY beauty mask. Restructuring Mask Beauty specific hair with nourishing and softening. Thanks to the action of a complex of keratin and ceramides, an intense feature elasticity, giving the hair more shine, combing and natural volume. Content 250 ml.

Restructuring: KERA THERAPY restructuring lotion spray. Restructure Restructuring Lotion Spray treated and damaged hair, giving more volume and combing. Its specific formulation on the hair develops remedial action thanks to the content of keratin and ceramides; regenerates the hair in depth and promotes the protection of the same external thanks to a thin protective film. content: no gas spray bottle with spray 125 ml.

Restructuring: triaca OIL NON OIL. Triaca OIL NON OIL and a protective created for each type of hairstyle and any type of hair. It is particularly indicated for debilitated hair, parched by chemical treatments or inadequate drying in dryer too close; also acts as a protection from prolonged exposure to the sun, against salt and weather conditions (humidity, wind, smog, etc.). For his film-forming action, prevents the formation of split ends and full-bodied, giving volume to the hair and eliminating electrostatic charges. HOW TO USE: After shampooing, pour a small amount of product in the palm of your hand and make a good spread evenly on the hair, massaging them thoroughly. For the prevention of split ends, repeat the process on the hair almost dry by pouring a few drops on your fingers and then distribute them exclusively on the tips. Operation is completed, proceed with the normal drying. In cases of exposure to the sun the sea and the mountains, moisten the hair with a small amount of triaca OIL NON OIL, leaving them to dry in the wind. Content 250 ml.

Treatments Finish: triaca PROFESSIONAL HAIR GEL. Triaca PROFESSIONAL HAIR GEL is suitable for all hair types facilitating hairstyle and also the winding in styling, leaving no residue. By applying the right amount on the hair is given a particular sparkle by donating their body and life styling. HOW TO USE: Apply at the discretion, on wet or dry hair, modeling the desired styling. Content of 500 g.

Treatments Finish: Trisca LISS AND WAVY Smoothing Fluid Effect frizz. Fluid smoothing and shaping of innovative formulation and multiple functions. Ideal as a finish. It gives better grip styling helping to shape the desired styling. SMOOTHING EFFECT: Used on wet hair makes it easy to fold and use the plate protecting the hair fiber. It gives a good seal to the ironing process through the use of the dryer. STYLING MODELING EFFECT: Gives flexibility and definition to curly hair and natural. During the permanent can be used on the locks after they have been neutralized by increasing the

volume and definition of hairdressing. Its components rich in active ingredients protect the hair from the effects of drying up due to heat. Drying and give softness, luster combined with a permanent seal. HOW TO USE: SMOOTHING EFFECT: On wet hair and apply the product to towel-dried hair with the help of a comb, and then proceed to dry with hair dryer or plate. EFFECT STYLING MODELING: On damp hair, apply the product and then dry in dryer or helmet. Use in greater quantities and dry with a diffuser for curly effect. To cancel the electrostatic effect, apply a small amount of product on dry hair. Content 150 ml.

Treatments Finish: OXY LIGHT Oxidizing Emulsion Cream. 20 vol. Hydrogen Peroxide 6%, 30 vol. Hydrogen Peroxide 9%, 40 vol. 12% Hydrogen Peroxide. Oxidizing Emulsion Cream. It is a suitable oxidizing cream stabilized dye oxidation and discoloration. Its creaminess and softness offer extreme ease of mixing it with products that are creamy and gelatinous. It blends easily confirming the stability of the volumes and the invariability of the pH of the dye. With its base treatment defends the hair from excessive aggressiveness of colored chemicals used in mixing. HOW TO USE: It is easily applied with a very good adhesion to the hair and allowing the cosmetic properties of the compound to reach an excellent outcome, giving the hair shine and brightness of color and maintaining their natural and optimal physiological structure. content: 1000 ml.
